The Distributor shall only be responsible for proven manufacturing defects in the product which shall be determined by the distributor in its sole and absolute discretion.

The Distributor will have the right at all times, to examine any purportedly defective product and its installation and maintenance. Any remedy against the Distributor shall be, at the Distributor's sole discretion, to either replace the defective product with the equivalent product or refund the purchase price.

The warranty is exclusive and in lieu of any other warranty expressed or implied, including any implied warranty of merchantability, fitness for purpose, or other warranty of quality, whether expressed or implied, and all other liabilities or obligations on the part of the distributor.

Care & Maintenance

Taking Care of Your Quartz Surface

ProQuartz quartz surfaces are stylish and sophisticated surfaces with enduring and lasting beauty and strength. To retain this enduring beauty simply wipe the worktops with warm water and a mild non-abrasive cleanser and rinse with clean water.

Maintenance

ProQuartz quartz requires minimal maintenance. It is hard, non-porous and requires no sealing to retain its shine and brilliance.

Stains

For tough stains, moisten a clean cloth with a non abrasive cleaner and rub it into the stain, wipe and clean with a moist cloth to remove the cleanser residue.

Heat Tolerance

ProQuartz is structurally more resistant to heat than other surfaces. However, like any other stone tops, excessive heat and thermal-shock may cause damage. We recommend the use of a hot pad or a trivet when placing a hot cooking pan or other cooking units on the surface.

Scratch Resistant

ProQuartz is substantially harder than natural stone and highly resistant to scratching. However avoid abuse of the surface by refraining from using sharp objects such as sharp knives or screw drivers directly onto the surface.

Cleaning Products to Avoid

Cleaners that contain Pine Oil. Without very thorough rinsing, these products can leave behind a residue of pine oil. The pine oil then attracts and holds dirt on the surface, eventually reducing the cleanliness of the surface and its appearance. Highly aggressive cleaning agents such as oven/grill cleaners and dishwasher polishing agents that have high alkaline/pH levels (pH 8.5 or higher). Abrasive scrubs/cleaners containing either soft or hard abrasive particles. The abrasives will harm ProQuartz quartz surfaces and if the surface is not completely rinsed, a powder residue will remain reducing the appearance of the surface, especially on dark colours. Cleaners that contain Xylene, Toluene, Potassium Hydroxide or Caustic soda. Paint removers, Furniture strippers containing Trichlorethane or methylene chloride.

PROCEDURAL ASPECTS IN RESPECT OF THE WARRANTY

In order for the warranty to be effectual it is essential that the Purchaser ensures that this Warranty is fully and accurately completed by the Purchaser. Prior to doing so it is incumbent on the Purchaser to ensure he/she/it is satisfied with the Product and the installation thereof. Furthermore it is incumbent on the Purchaser to ensure that the original Warranty headed - RESIDENTIAL LIFETIME LIMITED WARRANTY, (which can be downloaded from the website) has been read, understood and accepted, and that the completed warranty registration is returned to the Distributor within 28 days of the installation. The completed warranty registration should be returned to the distributor by e mail to the following address info@proquartz.co.za. Upon receipt of the warranty registration by the Distributor, acknowledgment of the registration will be sent back to the e-mail address from which the registration was sent. This acknowledgment will serve as proof of registration.
